RESENTS REPORT HIS MESSENGER WAS A SPY

Told Secretary of State Lansing in Person That He Knew of No Irregularity on the Part of His Official Messenger—Resented Idea That He Had Secured United States Protection for Any Man Other Than Represented—Ambassador Bernstorff Asked for an Official Investigation—A Constantinople Dispatch Says the Allies Are in Bad Shape on the Gallipoli Peninsula and That the Allied Fleet Has Taken Refuge Ten Miles Away, Fearing German Submarines—The Germans Are Only Ten Miles From Lemburg—Russia Says the Germans Lost 150,000 Men in May and the First Half of June.

[By Associated Press.]
Washington, June 18.—Count Bernstorff, the German ambassador today personally informed Secretary of State Lansing that neither he nor any member of the embassy staff had any knowledge of a Dr. Alfred Meyer, said to have been in the United States buying war supplies.

The published reports said Meyer had returned to Germany under the United States safe conduct, secured at the ambassador's request for Dr. Anton Meyer Gerhard.

ALLIES HARD PRESSED.

[By Associated Press.]
Berlin, June 18.—(By Wireless to Sayville)—A dispatch from the Associated Press correspondent at Constantinople, which does not show the date of sending says an inspection shows the British have lost most of the ground they formerly held on the west coast of Gallipoli Peninsula. They now hold only a small crescent on the west coast of the Peninsula near the extremity, where they have but little water and no protection from the sun as this is mostly bare rocks.

The correspondent said he was reliably informed the British fleet had taken refuge from German submarines in Kefala Bay, ten miles from the Gallipoli coast.

The official statement says that in Northern Galicia the Russians have been pushed further. The Russians have made a stand behind prepared positions at Grodek, only ten miles from Lemburg.

GERMANY PAID HIGH.

[By Associated Press.]
London, June 18.—The Petrograd official statement says the Austro-German gains in Galicia have been at a cost of a hundred and fifty thousand men during May and the first half of June. Berlin and Vienna say the Russians are being steadily

pushed back. Berlin declares the allies have been checked in France. The Paris official statement says there has been no change. Little has been heard from the Italian and Austrian front.

Allied Force Destroyed.

[By Associated Press.]
Berlin, June 18.—The allied forces which attacked the German positions north of Labasse, France, were destroyed, only a few succeeding in retreating.

COMMISSIONERS COURT NOTES

Pool Hall Election Ordered For July 6 In Bryan and Harvey Precincts.

The committee appointed at the mass meeting held last Monday night to circulate a petition to the commissioners' court, asking for an election to vote on the prohibition of pool halls, succeeded in securing the signatures of 20 per cent of the qualified voters in the Bryan and Harvey justice precincts, where the election is to be held.

The petition was presented to the court and the court ordered the election to be held in the two above named precincts on Tuesday, July 6.

Mr. G. Buchanan and W. D. Yardley were appointed to hold the election at Harvey, George Griffin and J. L. Edge were appointed to hold the election at the city hall, and Dave Jolly and Henry Crenshaw were appointed to conduct the election at the court house.

A petition was presented to the court asking for a change in the Millican-White Switch road in the south end of the county, but action on the matter was deferred until the next meeting of the court to be held July 12.

The session of the court was then adjourned.

PROMPT and CAREFUL attention is given all orders that come to us by phone; in fact, a great portion of our business is done in that way.

Many of our customers don't see us from one week's end to the other, and their requirements are met quite as satisfactorily as if they had made a personal visit to the store daily.

MR. BRYAN FIRES HIS LAST LOAD

Issues Third Installment of What He Designates His Farewell Statement.

[By Associated Press.]
Washington, June 18.—W. J. Bryan's third and concluding section of his statement on "The Causeless War," suggests mediation as "the way out." He urges the universal extension of his peace treaty plan providing all disputes be arbitrated for one year. He also would have a world-wide educational movement to cultivate a spirit of brotherhood among the nations. "No great nation can be exterminated," said Mr. Bryan, "and even if it were possible to exterminate one, it would be a crime no other nation would want to commit." He said peace can be restored at any time now if the participants really are weary of war and ready for the end. He suggested if any nation is not ready to make peace that its ruler state clearly the terms upon which he would make peace, then if an agreement is not reached the blame could be placed. Mr. Bryan would have the United States keep on "again and again" offering mediation, and would have other neutrals do the same, until some offer was accepted.

DARING AVIATOR WAS KILLED

Aeroplane Fell While Carrying American Writer—Had Destroyed A Zeppelin.

[By Associated Press.]
Paris, June 18.—Lieutenant Reginald A. J. Warneford, who gained fame recently by blowing to pieces a Zeppelin over Belgium, was killed Thursday by a fall of an aeroplane at Buc, France.

Lieutenant Warneford was piloting the machine which had as a passenger Henry Beach Needham, the American writer, who also was killed. Lieutenant Warneford and Needham fell from a height of 500 feet.

The lieutenant had been spending a few days in Paris, where he came after his Zeppelin exploit to receive his decoration of the legion of honor.

According to a report received in Paris, the accident resulted from an explosion in midair, which caused Lieutenant Warneford to lose control, the machine crashing to earth.

Needham's body was taken to the English hospital in Trianon palace, Versailles. He had been in Europe about four months, acting as correspondent of magazines and a New York newspaper. He had received permission to make a flight in order to get material for a story.

His wife, who also is a writer, accompanied him during the early part of his trip abroad. Mrs. Needham sailed for America six weeks ago.

Separators

We handle the De Laval—nothing made any better. If you are looking for cheap separators, we handle them, and we make more money on the cheap ones. We never try to derive any misleading anyone, therefore we will be candid and tell you that the cheap ones will not do the work. Don't buy those that cost one-third less, for you will be sorry in the long run. Buy a standard the world over—a De Laval.
